### Required Skills, Qualifications & Experience

**RN**

*Registered Nurses provide professional nursing services, deliver health education programs and provide consultative nursing services to promote, maintain and restore patient health.*

- **Responsibilities**
  
  RN is in Charge of the unit and also there is an Associate RN to support the Charge Nurse. Responsible for Veterans requiring complex care. Rounds with physician. Assigning workload and delegation of tasks as required. Decision making, responsible for complex care Veterans. Holistic assessments, excellent judgment and abilities due to no in house physician coverage, good communication and leadership skills.

- **Skills Required**
  
  Experience with the elderly in a long term care setting, Dementia Education, Assessment skills, palliative care, leadership skills, IV and blood transfusion initiation and management, venipuncture.

  Post operative management.

- **Additional Responsibilities**
  
  RN has Veteran assignment. Work can be physically demanding at times requiring proper body mechanics and knowledge of mechanical lifts and other aids to assist mobility.

- **Additional License/Certification/Education required**
  
  Must be registered with the College of Registered Nurses of Nova Scotia. Dementia Education, palliative care knowledge, Non-Violent Crisis Intervention (NVCI), and care of elderly Geriatric Certification an asset but not essential. There are numerous opportunities to expand knowledge through education. We offer dementia education, including the provincial Alzheimer Disease and other Dementia Care Course and NVCI here onsite amongst numerous other programs to support staff in learning and development.

**Completed by:** Gaynor Prodger  **Date:** June 29, 2015
