

Standing Leg Exercises

You should do these exercises at least 3 times a day.

Standing and holding on to a counter or sink:

1. Hip and knee flexion

- Stand up straight.
- Lift your knee upwards.
- Do not lean forward.
- Hold for 5 seconds.
- You should feel the muscle on the front of your hip working.
- Relax and repeat 10 times.

If you have had a hip replacement, **DO NOT** bend your hip past 90 degrees for the first 8 weeks.

2. Abduction

- Stand up straight.
- Lift your leg out towards the side.
- Do not lean to either side.
- Hold for 5 seconds.
- You should feel the muscles on the side of your thigh and hip working.
- Relax and repeat 10 times.

3. Hip extension

- Stand up straight.
- Lift your leg behind you while keeping your knee straight.
- Do not lean forward while lifting your leg.
- Hold for 5 seconds.
- You should feel the muscles on the side of your thigh and your buttocks working.
- Relax and repeat 10 times.

4. Knee flexion

- Stand up straight.
- Bend your knee by bringing the heel toward your buttocks.
- Do not move your hip.
- Hold for 5 seconds.
- You should feel the muscle on the back of your thigh working.
- You may feel a stretch on the front of your thigh.
- Relax and repeat 10 times.
