

What do I do if I need MS care urgently?

- The MS Clinic is not an emergency or urgent care service. If you are having a health emergency call 911 or proceed to your nearest emergency department.
- For non-urgent health concerns call 811, see your primary care provider (family doctor or nurse practitioner) or visit a local walk-in clinic.
- If you need urgent mental health care call the Provincial Mental Health and Addictions Crisis Line: 1-888-429-8167.
