

When should I expect to get a call back after leaving a voicemail message?

- All nurses and staff check their voicemail a minimum of twice a day. Your call will be returned within **1-3 business days**. If you do not get a call back within 4 business days, please call us back and leave another message.
- You can help us get back to you as fast as possible by:
 - Providing your **full name and telephone number** and a **brief description** of your concern in the voicemail message.
 - Directing all calls about appointments to our clerical staff.
 - Leaving only one message on our main telephone voicemail **902-473-5734**.
