- Lillian Fraser Memorial Hospital
- North Cumberland Memorial Hospital
- South Cumberland Community Care Centre
- Sutherland Harris Memorial Hospital

# HEAD NORTH

## WORK & PLAY

### THE "FUN" IN BAY OF FUNDY

Discover a piece of history at Joggins Fossil Cliffs, one of Canada's UNESCO World Heritage Sites. Situated along the Bay of Fundy, 15 kilometres of exposed rock layers reveal the effects of extreme high tides and biodiversity of the last Ice Age. Take a guided tour or explore at your own pace--some lucky beach visitors might stumble upon a few fossils, including flora and fauna from prehistoric times. There's also a gallery, cafe and gift shop for those in need of a little retail therapy after a long day outdoors.

### A CULTURE OF ARTISANS

This part of the province is full of natural resources that many local artisans use to create exceptional products. Enjoy a host of maple treats including syrup and candy, as well as a unique selection of specialty food and beverages. Tours of these facilities are another great way to take in the local culture.

### YOUR NEW WORKPLACE

Northern Zone offers health care professional opportunities in regional and community hospitals, and health care centres that provide provincial and local clinical services and programs. Here you'll find an appealing mix of urban and rural communities with affordable living and a relaxed lifestyle to complement your health care career.
