Urgent Treatment Centre (UTC)
ANNAPOLIS COMMUNITY HEALTH CENTRE

What is an Urgent Treatment Centre?

The Annapolis Urgent Treatment Centre provides access to care for those with unexpected, but non-life-threatening health concerns with appointments offered within one to two days. **Patients will be seen by appointment only.** The Urgent Treatment Centre is for patients with, or without a primary care provider.

Some examples of urgent, non-life-threatening illnesses or injuries include:

✔ mild abdominal pain
✔ simple fractures
✔ limb sprains
✔ mild muscle strains/sprains
✔ mild headaches
✔ earaches
✔ minor infections
✔ skin and eye irritations
✔ mild asthma
✔ small lacerations
✔ mild mental health support
✔ minor respiratory issues

The **Annapolis Urgent Treatment Centre** is different than an emergency department in that it provides care for non-life-threatening illness or injuries, does not receive ambulances, and only sees patients by appointment.

By Appointment Only.

To book (or cancel) an appointment call 902-532-4011 or visit in person. You will be assessed before your appointment is booked.
