

Nurse Practitioner Clinic

Primary healthcare clinic with a team that includes a Nurse Practitioner, Family Practice Nurse and Pharmacist

This service is for patients aged 18+ who:

1. Do not have a primary healthcare provider
2. Have a primary care provider but are unable to get a same-day appointment.

We treat *non-urgent* health concerns, like:

- Prescription refills or renewals
- Minor respiratory symptoms
- Sore throat, Earaches
- Fever, Headache
- Rashes
- Minor gastrointestinal concerns (vomiting and diarrhea)
- Cough, flu or cold symptoms
- Urinary Tract infections
- Muscle pain
- Minor pelvic or abdominal pain
- Blood pressure control
- Smoking cessation

These clinics **do not** offer emergency services!

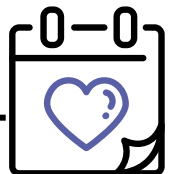

If it is an emergency, call 911 or go to the nearest Emergency Department right away!

**Weekly clinics
with exceptions**

Your appointment

When you arrive, please have:

- Your provincial health (MSI) card
- A list of your medications / pharmacy name

We will ask you the reason for your visit to make sure we can treat your health concern.

If we can treat your health concern, our Family Practice Nurse or Pharmacist will collect essential vitals, and you will wait to see the Nurse Practitioner.
