INDEPENDENT PRACTITIONER'S REASONABLE ASSURANCE REPORT ON COMPLIANCE WITH THE PUBLIC SECTOR COMPENSATION DISCLOSURE ACT

To the Administrator of the Nova Scotia Health Authority:

I have undertaken a reasonable assurance engagement of the Nova Scotia Health Authority's (NS Health) compliance with the *Public Sector Compensation Disclosure Act* (the Act) for the year ended March 31, 2026. The Act requires disclosure to the public of the amount of compensation NS Health annually pays or provides, directly or indirectly, to any board member, officer, employee, contractor and consultant if the amount of compensation is one hundred thousand dollars or more (the specified requirements).

Management's Responsibility

Management is responsible for NS Health's compliance with the specified requirements of the Act. Management is also responsible for such internal control as management determines necessary to enable NS Health's compliance with the specified requirements.

Practitioner's Responsibility

My responsibility is to express a reasonable assurance opinion on NS Health's compliance based on the evidence I have obtained.

I conducted my reasonable assurance engagement in accordance with Canadian Standard on Assurance Engagements 3531, *Direct Engagements to Report on Compliance*. This standard requires that I plan and perform this engagement to obtain reasonable assurance about whether NS Health complied with the specified requirements, in all significant respects.

Reasonable assurance is a high level of assurance but is not a guarantee that an engagement conducted in accordance with this standard will always detect a significant instance of non-compliance with specified requirements when it exists. Instances of non-compliance can arise from fraud or error and are considered significant if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users of my report. A reasonable assurance compliance reporting engagement involves performing procedures to obtain evidence about the entity's compliance with the specified requirements. The nature, timing and extent of procedures selected depends on my professional judgment, including an assessment of the risks of significant non-compliance, whether due to fraud or error. Procedures include examining, on a test basis, evidence supporting the assessment, and evaluating overall compliance with these requirements.

I believe the evidence I obtained is sufficient and appropriate to provide a basis for my opinion.

Independence and Quality Management

My office applies the Canadian Standard on Quality Management 1 – which requires my Office to design, implement and operate a system of quality management, including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

In conducting my work, I have complied with the independence and other ethical requirements of the Code of Professional Conduct of Chartered Professional Accountants of Nova Scotia as well as those outlined in the Province of Nova Scotia's Code of Conduct for public servants.

Opinion

In my opinion, NS Health complied with the specified requirements established in the *Public Sector Compensation Disclosure Act* for the year ended March 31, 2026, in all significant respects.

I do not provide a legal opinion on NS Health's compliance with the specified requirements.

Notes to the Statement of Compensation

Basis of Reporting

This statement has been prepared by the Nova Scotia Health Authority, a public sector body, required to report compensation information pursuant to the Public Sector Compensation Disclosure Act (the Act) of the Province of Nova Scotia.

The management of the Nova Scotia Health Authority is responsible for the preparation of this statement in accordance with the Act.

Section 4 of the Act requires that the information reported in this statement be disclosed in the body of the audited financial statements of the Nova Scotia Health Authority or in a statement prepared for the purposes of the Act and certified by its auditors.

Compensation

Section 2(b) of the Act defines compensation as the total amount or value of all cash and non-cash salary, wages, payments, allowances, bonuses, commissions and perquisites, other than a pension, pursuant to any arrangement, including an employment contract, and includes, without restricting the generality of the foregoing,

- (i) all overtime payments, retirement or severance payments, lump-sum payments and vacation payouts,
- (ii) the value of loan or loan-interest obligations that have been extinguished and of imputed-interest benefits from loans,
- (iii) long-term incentive plan earnings and payouts,
- (iv) the value of the benefit derived from vehicles or allowances with respect to vehicles,
- (v) the value of the benefit derived from living accommodation provided or any subsidy with respect to living accommodation,
- (vi) payments made for exceptional benefits not provided to the majority of employees,
- (vii) payments for memberships in recreational clubs or organizations, and
- (viii) the value of any other payment or benefit prescribed in the regulations.
- (ix) Ms. Oldfield is currently seconded from the Office of Priorities and Planning to NS Health and her compensation is included within NS Health's financial statements. We have disclosed Ms. Oldfield's compensation in order to discharge our responsibilities under the Public Sector Disclosure Act. Ms. Oldfield is also included under the Office of Priorities and Planning as part of Public Accounts – Volume 3 supplementary information.
